
Additional Fixtures

Chandeliers are clusters of elegant lights attached to a structure. Our light-up chandeliers are available in 3 different styles (crystal, teardrop, antler). The Crystal chandeliers are also available in a variety of sizes (small, medium, large). They can be hung at any distance from a rigging point directly above the center of the chandelier using height-adjustable verlocks, and can be dimmable.

Crystal Chandelier - available in small, medium & large

Teardrop Chandelier

Antler Chandelier
